Roadmap

Arbeau, *Orchesographie*, 1589

(AB C*) x any number
of times. See notes below
regarding section C.

arr. Dafydd Arth
(2022 by Dave Lankford)

Section C is of variable length, depending on the number of dancers. Play any combination of C variants for the needed number of iterations. If performing live, keep playing variants of section C until all lines have finished the hay, then jump back to A (unless ending the dance). The repeat structure as written A B C1 (C2 C3 C4) (C2 C3 C4) C5 allows a line of six dancers to complete the hay (and a bit to spare.)
